

FOR DISTRICT GOVERNOR

GARY JANDER

www.janderforgov.org

I want to be your Governor because I believe Kiwanians are the most important part of Kiwanis. I believe that together we can create a bold, new Kiwanis without sacrificing those high ideas and principles that made Kiwanis a great organization.

Kiwanis is made up of two things: KIWANIANs and CLUBS, and everything else is there to support them. The best description of Kiwanis is found in the fifth object of Kiwanis: CLUBS creating enduring friendships, performing altruistic service, and building better communities.

SERVICE must be our primary focus. Sustained GROWTH only comes through the performance of meaningful service.

I believe your Governor should represent, as well as lead you. As Governor I will follow the Objects of Kiwanis and exercise **servant leadership** in every act undertaken. As Governor, I will promote TRANSPARENT GOVERNANCE. I trust the members of this district to govern and make good decisions. I will promote open and frank dialogues about all the issues the organization faces.

I already hold the most important title in Kiwanis: **Kiwanian**. I would appreciate your support to implement changes that can make your contributions as a Kiwanian even more meaningful and rewarding to our community!

FOR DISTRICT GOVERNOR-ELECT

RAE WHITBY-BRUMMER

How do you see the future of Kiwanis? I see Kiwanis as a thriving organization full of life and fun, with diverse membership, meaningful service projects, local and global service, and members who are proud to be "Kiwanians for life".

Let's encourage enthusiasm and optimism, expand opportunities for leadership, improve the member experience, and explore emerging membership markets. Fresh ideas keep an organization strong and vital – I pledge to continue contributing innovations, and remain open to new ideas from members. Leadership includes taking risks, standing up for the club member, listening, motivating others, building consensus, balancing responsibilities, mentoring future leaders, and keeping the commitment to serve. I have demonstrated leadership in action by serving as District Trustee, Foundation Board Member, Key Club Region Advisor, Distinguished Past Lt. Governor and CLE Instructor. Experience is a great asset – but there is always more to learn, and I pledge to keep learning every day!

As Governor-elect, I will serve with a combination of vision, experience, leadership and commitment. Please check www.raewhitby-brummer.org for more information about my vision and qualifications. My past, present and future as a Kiwanis member is dedicated to service. I seek the position of Governor-elect to continue serving you – and I ask for your vote.
